

The Hyster Sisters Website at www.hystersisters.com is an online support system for women by women for hysterectomy decisions, alternatives and support. Launched in the summer of 1998, the [hystersisters.com](http://www.hystersisters.com) website has grown daily with more and more women finding friendly, helpful support online.

The Hyster Sisters website offers a variety of online tools: active message boards, archives, FAQ, a calendar for surgery dates, postcards, a store with helpful merchandise, the book "Through the Land of Hyster: The Hyster Sisters Guide," resources along with a very active membership for live support.

The message boards of the Hyster Sisters have many forums to choose from: "Options and Alternatives", "Pre-Op", "Post-Op", "Hormone Jungle", "Cancer Concerns", "Road Less Traveled" (for long term complication issues), "Bladder Matters", "Chatter-Friends without Faces", and more.

The Hyster Sisters website has been featured in "USA Today" as well as on Fox and the Health Networks. Doctors are giving this website a thumbs up as a great resource for online support.
